

格拉斯哥加尼多亚大学 **Glasgow Caledonian University**

大学介绍:

Glasgow Caledonian University is a public university in Glasgow, UK. It was formed in 1993 by the merge of The Queen's College (founded in 1875), Glasgow and Glasgow Polytechnic.

Glasgow Caledonian University is a distinctive, inclusive and forward-looking university that is committed to its social mission to promote the common good. We have become an international centre of excellence in higher education, promoting employability and global citizenship in our graduates. We win awards for our support and commitment to the student experience, whilst delivering innovation through our world-class research in key areas of strength. We have a tradition of widening access to higher education for talented individuals regardless of their backgrounds, and we leverage our intellectual and social capital for the benefit of the communities we serve in Scotland and internationally.

With a modern campus in the heart of the vibrant and welcoming city of Glasgow, our university has an excellent learning environment. It includes the Saltire Centre, our award-winning library that provides spaces for social learning as well as quiet study. Harnessing the latest technologies and industry expertise, Glasgow Caledonian University aims to unlock talent and equip our students with the skills to enable them to succeed in an increasingly competitive workplace

University for the Common Good
